Hi, Mike—

I suggest that we look at using the approach in this version of the letter. The letter would be addressed to Madison-Kipp with a cc to Darsi Foss. The letter does nothing but acknowledge that there is a settlement between WDNR and M-K and that EPA has responsibility under TSCA to receive and approve TSCA applications.

If we HAVE TO send a letter to M-K and the state, I think that this will be an acceptable version. You may want to read it to Darsi on Monday.

Let me know what you think.

Thanks,

Joe
